

UB10

DEGREASER CONCENTRATE

- *Removes grease, oil and hardened grime*
- *Food safe*
- *Economical in use*

UB10 is a powerful three characteristic degreaser, designed for use through the Ultra Blend and Ultra Dose systems.

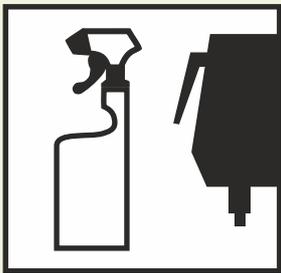

A clear, red, water-soluble liquid, combining alkalis, specialist detergents and effective water soluble solvents, UB10 is compatible with the Ultrablend Sanitiser (UB20).

USES

Ideal to rapidly remove grease, oils and fats from safety flooring, stainless steel, ceramic tiles, plastic and laminated flooring.

DIRECTIONS

Prepare a trigger spray or bucket of UB10 solution through the Ultra Blend or the Ultra Dose system. Apply to surface, agitate, then rinse thoroughly.

Ultra Blend + *Ultra Dose*

DILUTIONS

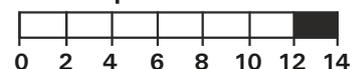

Number of shots required	
 x 3 =  750ml Trigger Bottle	 x 5 =  5 Litre Bucket
